

422c Students,

The following are the input phrases for which your Assignment 1 program should work. Each phrase is on a separate line in the input file.

Don't tell mommy.
Scratch and sniff
a phrase is a group of grammatically and semantically related words
Budweiser: the King of Beers
Quit this nonsense!
You go quickly, girl
Are we having fun with pig latin yet?
Make sure that your program is well-documented.
Hank Aaron hit 755 home runs in his career.

The following are the correct pig latin translations of the above. These are provided to help you see whether your program is working correctly. You may not "hardwire" your program to produce these outputs. Your program must work for any legitimate input phrase. In future assignments you will be designing your own test data.
